Attn: Robert Weiss

We have been using your vinyl pool rails for over two years, and have been very pleased with their performance.

A substantial benefit of your rails is the fact that they do not have to be grounded, which is a compliment to the concept of our fiberglass pools.

Another great benefit of your rails is that they are not hot to the touch under our Arizona sun. The rails have not faded, or changed colors, and they still sustain their beautiful appearance.

It has been a pleasure working with you, and we look forward to continuing a prosperous business relationship.

Sincerely,
