Robert Weiss  
Saffron Pool Rails and Railings  
12395 S. W. 130 Street  
Miami, FL 33186

Dear Robert,

I have enjoyed working with your company for the last ten years. As you know we have been the supplier of your vinyl rails for the Tucson Water Department, in there fresh water reservoirs.

One of the biggest benefits of your vinyl rails are the non-corrosiveness vinyl that your rails are made from, along with the fact that they are not affected by the chemicals in the water and in waste water treatment plants.

We have been very pleased with the performance of your vinyl rails over the last ten years. Your vinyl rails have passed the test of time in our Arizona weather.

Keep up the good work and we look forward to working with you on future projects.

Sincerely,

A handwritten signature in black ink, appearing to read "Colin Baird", written over a horizontal line.
