Attn: Robert Weiss

Dear Robert,

We wish to express our pleasure with your products and services which we have enjoyed for the past number of years.

Our first installation was on the ocean front Greenspan residence which survived Hurricane Andrew with no damage at all to the railings.

The following projects, Skylake residences, Chen residence, and Koonin residence have all performed satisfactorily. Keep up the good work.

Your attention to detail and constant improvement of products has made this office a loyal employer of Safetron products.

Respectfully,

Michael Allen Mosher, P.A.
