Mr. Kingsley Barham
The Safron Corporation
12391 Southwest 130th Street
Miami, Florida 33186

RE: VINYL PLASTIC SAFETY RAILINGS

Dear Mr. Barham:

This letter with name correction supersedes the letter dated April 20, 1999. I received your letter dated April 16, 1999 regarding the history of the referenced product on our highway system. The Department is currently investigating the development of a generic specification for vinyl and composite pedestrian railing. Safron's product has been satisfactorily used in the past on our projects on a job by job basis using a technical specification developed by the individual Districts.

I hope this information satisfactorily answers your concerns regarding this issue.

Sincerely,

Alan L. Lafferty,
Product Evaluation Administrator
